Much of our time and attention has been taken up by the installation of our Wang word processors. Three work stations, two printers, and the supporting machines are now in working order and we all have had one instruction session with our Wang customer representative and varying amounts of individual practice time. Norita will be producing this bi-weekly on the Wang.

Bob and Don are currently on annual leave for two and three days respectively. [] will be on annual leave 9-20 May. Diane is scheduled for surgery on 10 May and will be on sick leave for some weeks thereafter.
